This list was compiled by Celiac Kids Connection at Boston Children's Hospital. It is intended only as a general information resource and is based on information provided by manufacturers. Individual product ingredients, recipes and formulas are subject to change without notice. Company website and phone numbers are provided for you to verify this information.

It is the responsibility of each individual to read product labels and determine if the product is gluten free or not. Celiac Kids Connection at Boston Children's Hospital and its members do not endorse the use of these products or services or warrant them to be gluten free in anyway.

This list of gluten-free (GF) candy is sorted by the company. Many of your favorite candies may be made by a company you do not associate with that candy. If you do not know the parent company, you can often find the name on the product label. In addition, **this list is searchable**. Open the list in Adobe reader and use the search or magnifying glass icon and search for the name of your favorite candy.

JUST BORN, Inc.

www.justborn.com

From the Just Born FAQ page

We offer many gluten-free products under the **MIKE AND IKE®**, **HOT TAMALES®**, **PEEPS®**, **GOLDENBERG'S®**, **PEANUT CHEWS®**, **TEENEE BEANEE®** and **JUST BORN®** brands and we are in the process of updating package labels to include gluten-free statements where appropriate. The modified food starch that we use in candies is corn starch. However, because some of our products may be manufactured and/or packaged in a facility that may also handle non gluten-free products, we encourage consumers to read the labels carefully for the most up-to-date ingredient and allergen information. For further questions, please call our Consumer Relations Team toll-free at 1-888-645-3453.

M&M / Mars

General Mars Information - 800-974-4539

M&M's Information - 800-627-7852

www.mars.com/made-by-mars/mars-wrigley

From and email dated 9/20/2025

Currently, **Mars Wrigley Chocolate** products do not have a gluten-free claim. If a product includes a gluten-containing ingredient, the ingredient statement will list the gluten source (e.g., wheat, barley, rye, oats).

The pack is the most accurate source of information. We recommend that you check the ingredient statement and any allergen statements on the pack each time before consuming our product.

Please note that whether or not the product includes a “may contain” statement, it is never labeled as gluten free because we cannot guarantee that it is gluten free despite the cleaning and other protocols that we use at our sites.

The following is a list of U.S. **Mars Wrigley fruity confection, gum and mint** products that are currently formulated **WITHOUT** ingredients containing wheat, oat, rye or barley gluten. Slight changes to product recipes can occur from time to time.

ALWAYS check the ingredient label for accurate ingredient composition:

- Wrigley's SPEARMINT® gum
- FREEDENT® gum
- DOUBLEMINT® gum
- EXTRA® gum
- BIG RED® gum
- ECLIPSE® gum
- JUICY FRUIT® gum
- WINTERFRESH® gum
- Orbit® gum
- ORBIT® White gum
- LIFESAVERS®
- ALTOIDS®
- 5®
- SKITTLES® bite size candies
- STARBURST® fruit chew products

M&M / Mars Continued

The packaging material directly next to our product does not contain gluten sources. When starches are used on the label around each individual stick of gum, but these starches are produced from corn or potatoes, not from wheat, rye, barley, oats, millet or buckwheat.

We recommend that you check the ingredient statement and any allergen statements on the pack each time before consuming our product.

Smarties

www.smarties.com

From the “Our Candy” Page

- Smarties® are gluten-free and vegan! You can find more information below.
- Note: We sell our products to different “re-baggers” as well as various retail outlets. A re-bagger buys products from many different companies and puts them in their own packaging. Only these re-baggers can verify whether their manufacturing plants are free of nuts, soy, or other known allergens.
- If the UPC number on the packaging begins with “0 11206”, you can be assured that the product was packaged in one of our manufacturing facilities, and the allergen information on this page applies to that product.
